Amendment Justification - Answer all questions on this and all pages in this section (upload additional sheets as needed).

A) State the extent to which the proposed amendment is consistent with the comprehensive plan and all other applicable long-range planning documents.:

2040 Comprehensive Plan and Land Use Map.

Comprehensive plan (page 51) Suitability Analysis encourages the use of the area for Commercial and Residential Suitability

From Page 51

Results from the suitability analysis exercise include:

Identification of focal commercial and industrial nodes

Better illumination of residential constraints

Understanding the impacts and externalities of corridors

Fulfills the suitability for Multi-family Residential

B) Are there changed conditions that require an amendment? :

Only to provide a more defined use for the property

C) State the extent to which the proposed amendment addresses a demonstrated community need.:

Because of its proximity to Fort Bragg (Liberty) it provides convenient off base housing for Single Military personnel.

D) State the extent to which the proposed amendment is compatible with existing and proposed uses surrounding the subject land, and why it is the appropriate zoning district for the land.:

Use is consistent with the existing surrounding in that it provides an opportunity for regrowth in the area at sets the tone for realization

E) State the extent to which the proposed amendment results in a logical and orderly development pattern.:

The amended use allows for growth and revitalization northwest and southeast of the subject property as well as growth across Yadkin Road.

F) State the extent to which the proposed amendment might encourage premature development.:

The amended use allows for growth and revitalization northwest and southeast of the subject property as well as growth across Yadkin Road.
It is anticipated that this use might encourage growth in the future.

G) State the extent to which the proposed amendment results in strip-style commercial development.:

The development will not encourage or result in strip style commercial but may encourage a new style of destination commercial.

H) State the extent to which the proposed amendment results in the creation of an isolated zoning district unrelated to adjacent and surrounding zoning districts.:

It does not create and isolated zoning district unrelated to adjacent and surrounding zoning districts.

I) State the extent to which the proposed amendment results in significant adverse impacts on the property values of surrounding lands.:

Amendment does not result in any significant adverse impacts on the property values of surround lands. It is believed that it will increase the value of surrounding lands.

J) State the extent to which the proposed amendment results in significantly adverse impacts on the natural environment.:

Subject property exists as a mostly impervious with little or no storm water retention.

Site improvement should allow for increased storm water collection and therefore should improve any impacts to the natural environment.
