Chairman, Cumberland County Local Emergency Planning Committee (LEPC)-2010-2016
The LEPC is a diversified committee compiled of individuals reigning from healthcare to hazardous chemical production. My tenure focused on evaluating existing issues and producing sound and efficient solutions with the help of my fellow committee members. During my time as Chairman of the LEPC we conducted numerous exercises to better prepare the responders, citizens, and infrastructure of Cumberland County, its municipalities, and Ft. Bragg. The success of this committee included joint-full scale exercises between the public and private sector, to include the vast-majority of all EMS, fire, and law enforcement jurisdictions represented in Cumberland County. Supplemental Questionnaire:

1. Describe your background and interest in serving on the Fayetteville City Council. I am a successful local business owner whom is very dedicated to the success of our City as it is mine and my family's home, thus the reason for my interest. I feel that as a responsible law abiding business owner my experience will complement the already extensive experience level of the other Council members. I have built my business from the ground up with a combination of hard work and dedication and I personally think that this same dedication and hard work would be an asset to Fayetteville.
2. Explain why you believe you would be an asset to the Fayetteville City Council. I feel that my experience in the community as well as the experience that comes with owning your own business will lend to me being an asset to the City Council. Owning and running the operations of a business has taught me a lot of the skills that I think are needed to be an effective City Council member.
3. Are you willing and able to commit the amount of time necessary to fulfill the duties and expectations (attending meetings, reading agendas, answering e-mails) of becoming a member of the Fayetteville City Council? Yes
4. Will your employment allow you time away from your work on a regular basis? Yes, as I am a Corporate Officer, I will manage my time wisely and incorporate the needs of the Council into my schedule.
5. The City of Fayetteville operates under a Council-Manager form of government. Explain your understanding of the Council's and Manager's role under this form of

government. The council-manager form of government reflects a system in which the council members are elected by the constituents of their district. The sitting council appoints an executive head of city government, that being the manager. Simply, the councilmen are the ambassadors of their constituents and work on their behalf to better not only their district but the city as a whole. This includes special projects, city ordinances, budgets, and the direction of the city. It is the duty of the manager to ensure the direction of the council is followed. Additionally, the manager is charged with carrying out the city's administrative duties, implementing policy, and maintain detailed situational awareness to those of the council. The clearest order of succession is the manager works at the pleasure of the council and the council to that of the people.

6. Is there anything in your background that could bring your appointment into question or cause controversy/embarrassment to the City? No
7. What experience and contacts do you have with the legislature at the State and Federal level? From an Emergency Management perspective, I have contacts with respect to the State and Federal Level
8. Please disclose any personal, professional/business or political relationships with PWC, the City of Fayetteville, City Council Members, or legislative delegation that could create the perception of undue influence or conflict of interest. No
9. What is the most urgent issue you believe the City must address that isn't already included in our Strategic Plan? A Proactive City/County Joint 911 and Emergency Operations Center, that will greatly benefit the citizens of Fayetteville, County of Cumberland, and other Surrounding Counties.
