Written Description of Request - Answer all the questions under this section (upload additional sheets as needed).

A) Describe the proposed use of the rezoned land, including the proposed types of site improvements, buildings, uses, proposed activities, hours of operation, and operating characteristics.:

The owner of the land desires to develop the property as a residential community. Please note, the zoning request regarding 1666 Cedar Creek Road is limited to that portion of the property located in the county and zoned RR. That portion of the property is located within the city and zoned SF-15 shall remain unchanged.

B) Describe the proposed conditions that should be applied.:

The proposed condition is to rezone the properties to MR-5 with the condition of no more than three-hundred (300) units.

C) Please describe the zoning district designation and existing uses of lands adjacent to and across the street from the subject site.:

The adjacent properties are zoned RR and LC. RR allows for residential low density development. LC allows for general retail, business, and service uses that serve groups of neighborhoods and residential uses on the upper floors of non-residential establishments. The eastern properties, located across Cedar Creek Road, are the site for a car-wash, an automobile repair business and a storage unit facility. There is a residential subdivision located behind the storage unit facility.
