		Code Enforcement Compliants - over 5	10					
	Location	Located Within the 100 year Floodplain or Other Env	60	60	10%	40	4	
6		School/Park/Public Facility located Within 1/2 mile	40					
		Within a Neighborhood Revitalization Area	40					
TOTAL POINTS							8	

Definitions

The spreadsheet shows the maximum points allowed for each factor. If there are multiple subfactors, then only **one** subfactor can be scored. The scorer is allowed to give less than the maximum points for any factor, if necessary.

1	 Structural Damage - In this section, the scorer uses the fire department structural evaluation to score the property. If the property is gutted by fire and uninhabitable, then the maximum points can be assigned. A minor fire, but habitable structure receives less points and should be used when the owners of the propertyhave not made sustantial improvements to the property. Visual Structural Damage - Obvious structrual damage refers to the missing element from a sturcture such as a collapsed roof system, missing support beams, damaged foundations, or damaged/missing exterior wall elements. Points can also be awarded in this section for exterior fire damage. No obvious visual structural damage refers to damage to a structure that is interior to the structure or within the walls.
2	Time on the Demolition List signifies how many days the property has been identified as a nuisance/blighted property. The 365 days time fram starts the day that the hearing order is signed.
3	Demolition Ordinance - This spreadsheet will be used on projects with demolition ordinances and future demolitions. This factor will be removed and the points reallocated once all prior demolitions have been completed.
4	Financial Cost allows the department to manage its resources. Higher points are awarded to projects that utilize under 10% of the departments current annual demolition budget. Projects that require over 10 % of the budget, receive less points due to the fact that those projects diminish the departments ability to mitigate additional projects.
5	Crime - The frequency of police calls shall get full points if the number of calls is over five in a three month time period. The subject property can receive full Code Enforcement points if the project receives over five Code Enforcement complaints in a three month period.
6	Location -
