

Fayetteville Police Department

*Public Safety Strategic Items
May 1, 2023*

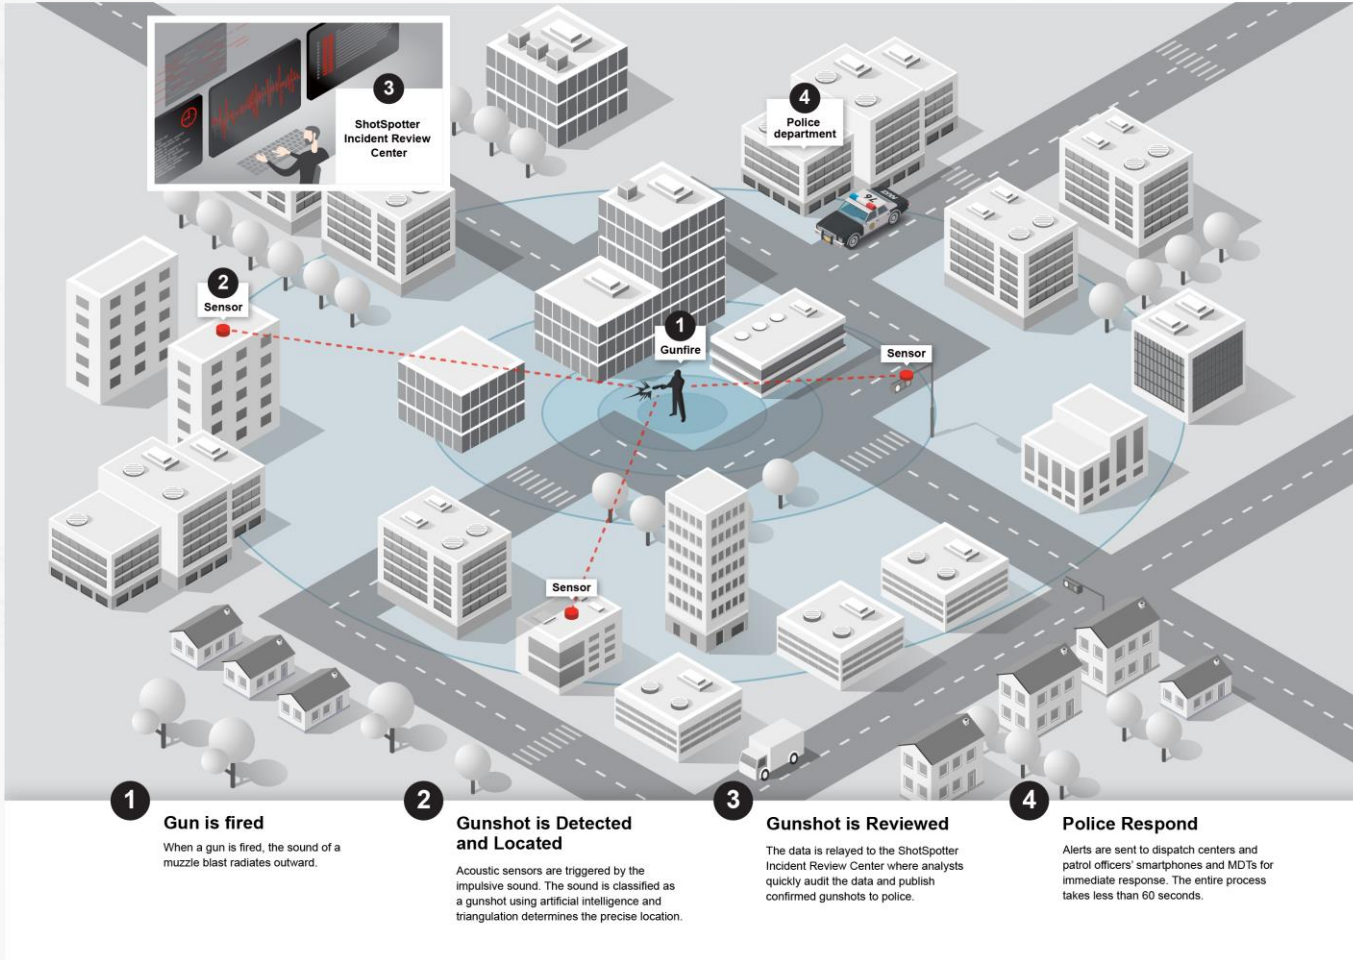

- Registering your cameras does not allow the Fayetteville Police Department access to your live video stream - it only enables investigators to know a camera is present at your location and easily request video evidence should an incident occur.
- Allows police to maintain a virtual database and map of all security cameras to identify potential evidence within the vicinity of a crime scene.
- Businesses can participate in the camera registration program, or they can take their security one step further by sharing public-area facing cameras with FPD.
- The FPD currently has 515 Registered Cameras and 226 Integrated Cameras. Camera registration takes less than one minute via our secure online portal at connectfayetteville.org.

License Plate Reader (LPR) Technology

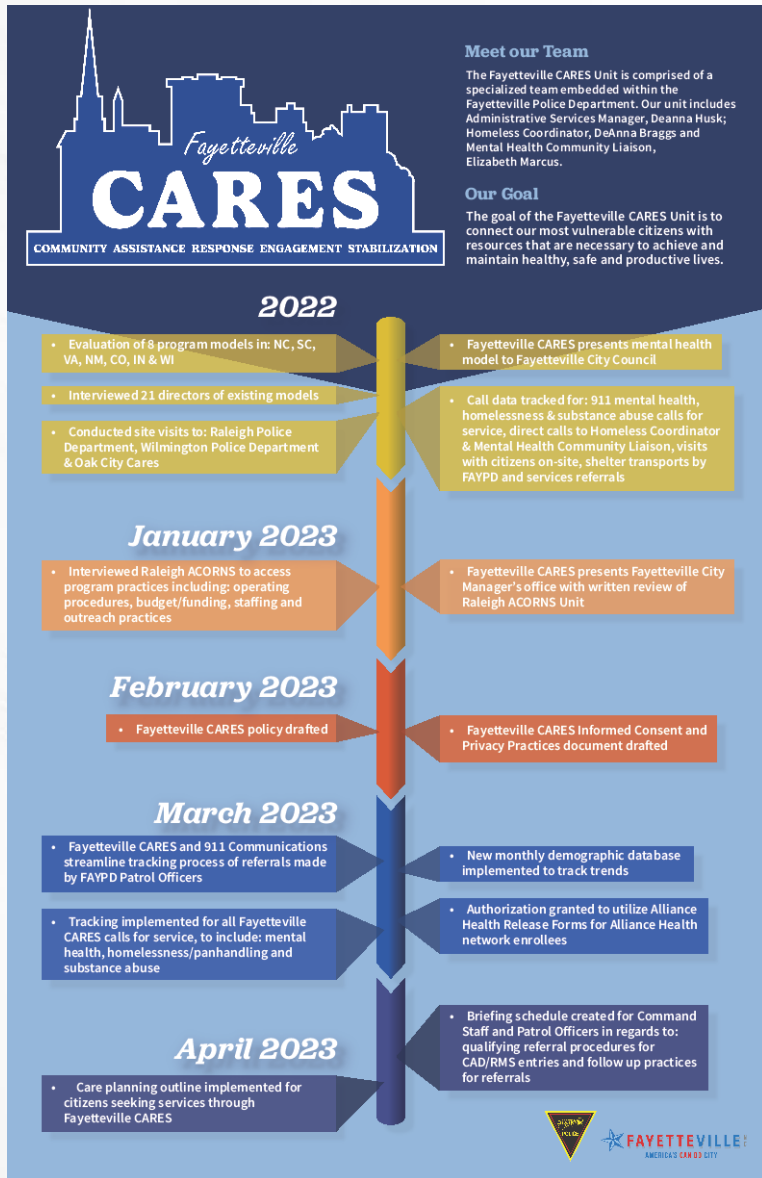

- The FPD currently has 60 LPR's in operation and they are positioned along major thoroughfares within the city.
- The LPR's have resulted in over 700 Felony and Misdemeanor offenses having been charged.
- Multiple felonious amounts of illegal narcotics to include cocaine, marijuana, methamphetamines and fentanyl have been seized.
- LPR's have assisted with the seizure of tens of thousands of dollars associated with criminal activity along with the seizures of multiple guns.
- There have been over 100 stolen vehicles recovered and over 30 vehicles seized.
- The technology has assisted with locating multiple missing persons.

- Three (3) areas of a 1 sq. mile were identified based upon historical calls for service data for shots fired and weapon related incidents.
- The areas that were identified are within each of the three (3) patrol districts.
- ShotSpotter identified locations to install the sensors and have secured the majority of permissions to include businesses and utility providers.
- As the installation of sensors are occurring, ShotSpotter will be onsite to conduct training with FPD personnel.
- Once training has occurred and the policy has been implemented, the platform will go live to include a dashboard on the FPD website.

- April 2023 FPD just Hosted a regional CIT training course. 28 officers attended from the southeast region and of those 10 were Fayetteville Police Officers.
- 2022 the department completed Autism Awareness training for the entire department
- 4 Quarter 2022 the entire department completed Mental Health First Aid training. Mental Health First Aid is a skills-based training course that teaches participants about mental health and substance-use issues.
- ICAT Training that assist in De-escalation in all events and has shown to be specifically effective in dealing with subjects in crisis or suffering from mental illness.

Community Assistance, Response, Engagement, and Stabilization

Mission Statement: Serving our Community with Respect, Compassion and Trust.

Purpose: To outline the duties and responsibilities of the Fayetteville Police Department C.A.R.E.S. team in response to homelessness, mental health, and substance abuse related calls for service. The goal of the C.A.R.E.S. unit is to help those most vulnerable connect to community resources and establish long-term stability in the Fayetteville Area to improve the safety, health and wellness of individuals, their loved ones and the community.

The C.A.R.E.S. team is comprised of the Fayetteville Police Department Homeless Coordinator, the Fayetteville Police Department Mental Health Community Liaison, Fayetteville Police Department Victim Advocate, Sworn Fayetteville Police Department Counterpart(s), and overseen by the Administrative Services Manager.
