

Sec. 23-33. Ownership and Maintenance of Stormwater Management Facilities.

- a. All stormwater management facilities shall be privately owned and maintained unless the city accepts the facility for city ownership and maintenance. The owner thereof shall grant to the city a right of entry which allows for inspection and emergency repair, in accordance with the terms of the operation and maintenance agreement set forth in section [23-34](#), hereof.

- b. The person responsible for maintenance of any stormwater management facility installed pursuant to this article shall submit to the city engineer an inspection report from one of the following persons performing services only in their area of competence: a qualified registered North Carolina professional engineer, surveyor, landscape architect, soil scientist, aquatic biologist, or person certified by the North Carolina Cooperative Extension Service for stormwater treatment practice inspection and maintenance. The inspection report shall contain all of the following:
 1. The name and address of the landowner;
 2. The recorded book and page number of the lot of each stormwater management facility;
 3. A statement that an inspection was made of all stormwater management facilities;
 4. The date the inspection was made; and
 5. A statement that all inspected stormwater management facilities are performing properly and are in compliance with the terms and conditions of the approved maintenance agreement required by this article.

All inspection reports shall be on forms supplied by the city engineer. An original inspection report shall be provided to the city engineer beginning one year from the date of record-drawing certification and each year thereafter on or before the date of the record-drawing certification.
