COMMUNITIES ARE SAFER WHEN PEOPLE ARE HOUSED

VANCOUVER

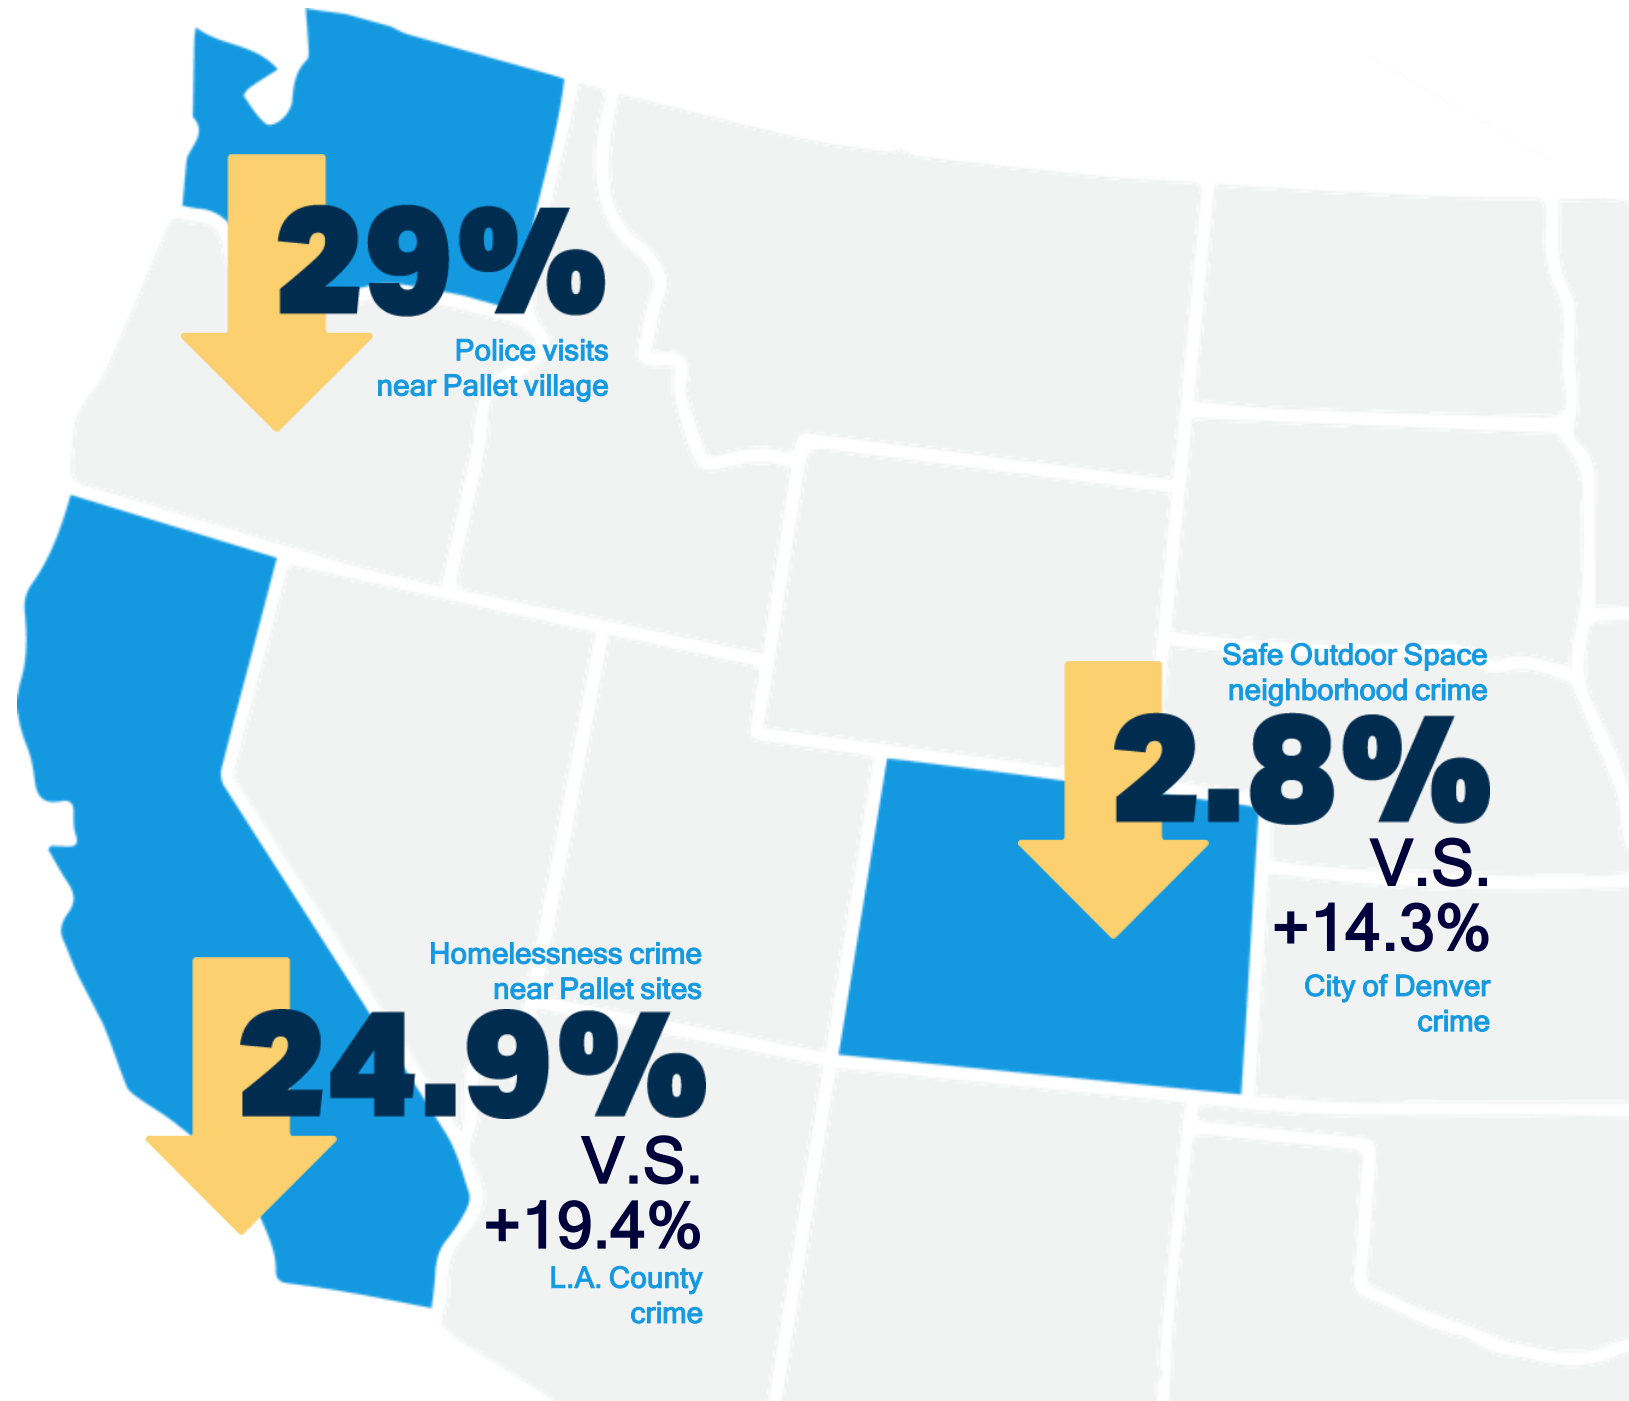

The City of Vancouver opened its first Pallet Safe Stay Community in 2021. The following year, the number of police visits within a 500 ft radius of the village dropped nearly 30%.

DENVER

The number of crimes reported in the city of Denver rose from 2020-2021. Yet, in the six Safe Outdoor Space neighborhoods that hosted temporary homes for unhoused people, crime went down.

LOS ANGELES

While the crime rate rose significantly in L.A. County from 2020-2021, the areas within a quarter mile of 10 Pallet villages saw on average a nearly 25% decrease in crime.

We Believe People's Futures Should Be **Defined by Their Potential, Not Their Past.**

At Pallet, the success and well-being of our team members drive everything we do. Our Purpose-Led Workforce Model consists of two main components: **giving people a fair chance at employment**—no matter their background—and **preparing them for a rewarding career in the trades**. Through a paid pre-apprenticeship program and comprehensive on-the-job support and resources, our team is equipped to become the skilled workforce of the future.
