Statement of Purpose

Composition of Members

The City Council shall appoint thirteen (13) members representing a diverse cross-section of the community. Members must reside within the City of Fayetteville. The initial appointments shall consist of seven members each to serve an initial term of two years, and six members each to serve an initial term of one year. Appointments after the initial appointments shall be for a period of two years. The initial term limits will be determined by the City Council based on recommendations of the Mayor and the Appointments Committee. Each initial appointment shall be eligible for an additional two-year term, but shall not be re-eligible for reappointment thereafter without at least one year intervening between appointments, per City Council Policy # 110.2. A four - person Executive Advisory Board - defined as a Chair, Vice Chair, Secretary and Director of Programs - will be created with a City Council Member and staff member as liaisons.

Administration Support

- The Mayor will appoint the Council Liaison to the Millennial Advisory Commission
- Staff Support will be provided by the City Manager or designee

Additional Notes

Duties and Functions The Millennial Advisory Commission will carry out the following responsibilities:

- Advise the City on economic development and social matters as well as potential actions affecting young adult City residents;
- Help develop specific initiatives focused on attracting and keeping young adult residents in the city.
- Innovate, execute and sustain diverse and inclusive network connections for young adult residents.
- Connect young adults to engagement opportunities with the larger Fayetteville community.
- Assist in the dissemination of current and accurate information about the Fayetteville community.
- Provide and encourage leadership development for young adult residents of the city.
- Create mentorships and serve as role models for Fayetteville youths.
- Actively participate in group discussion--listen, ask questions, share experiences, give feedback and introduce ideas.
- Use digital tools and people power to spread information, create awareness, boost attendance and otherwise increase engagement with the City of Fayetteville.
- Contribute individually and lead, manage or participate in group projects.
- Obtain sponsorships (if needed).
- Removals from the Millennial Advisory Commission will be in accordance with City Council Policy # 110.1.

Relevant Experience & Education

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

I am a lifelong resident of Fayetteville and would love an opportunity to help our city reach its full potential.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

I have been serving the community for the past 5 years as general manager of Rogers and Breece Funeral Home. I have an opportunity to meet new people each week and interact with a wide variety of cultures and traditions that has really opened my eyes to what a diverse community we have in Fayetteville. I also teach yoga weekly at Triangle Rock Club in Fayetteville which helps me to stay well grounded in my personal life and show others how they can do the same.

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

I would make sure that any conflict of interest is fully disclosed to the public and try to address the conflict as objectively as possible. I would also seek guidance from other board members who have run into the same issue since I do not have any previous experience in a board position.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

I have not served on a board in the past.

Please attach any additional information you believe may aid in the consideration of your application.

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

I have selected to be apart of the Millennial Council because I want to be able to hold my own and speak my peace about things in our county that needs fixing. I want to be able to help those in need by showing my complete interest in the develop of our community by action and not just my word. I feel as though I would be very helpful considering how powerful my voice is.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

While working & doing volunteer work I've learned the value of teamwork, honesty, and loyalty. Those three things help me develop the ongoing skills I need in order to become a criminal defense attorney. I learned that teamwork is inevitable, you need help from others in order to become something better. Everything can't be done alone, and asking for help isn't a bad thing.

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

Everyone has there days where they don't want to be bothered but, when it comes to being professional its always best to block out any negative energy. Focus on what needs to be done and push through despite whats going on around you.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

The selections I have made to hopefully join one of these boards is simply to make and imply change. I have goals of joining the city government in some capacity and I feel like this is a great first step. I am a 29 year old, black male, and I've lived in Fayetteville all my life. I would love to see my city grow and would love to be apart if that growth. I have a degree in Criminal Justice and I also play the drums for my home church, Savannah Missionary Baptist Church.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

I have an Associates Degree in Criminal Justice. I also volunteer, whenever time permits with various organizations. The Caring 7, passing out food and cloths to the homeless, etc.

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

By simply reminding that business comes first and must be done according to the rules. There are no shortcuts in life and my morals, to me, are second to none. I was raised to always do the right thing, whether difficult or not, and you will be blessed for it in the end.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

The military introduced myself and my family to the city of Fayetteville/Fort Bragg. Once I started working within the community, I knew that I wanted to become a change maker in order to enhance this already thriving city. Having the opportunity to sit beside like minded individuals with the focus of growth and development, gave me the motivation and determination to serve on this commission.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

I currently served as the Deputy Director of Economic Development for Fortuna BMC. We've grown very fast over the last few years and understood, Fayetteville is the best place to plant in order to grow just as we have done in other regions of the US and international. I previously served as the WIOA Program Manager at NCWorks where we provided funding for training, education, certifications and license through federal funding. Having the ability to transform a students life while eliminating the financial hardship kept me encouraged and excited to do more. I'm currently serving as a Drill Sergeant in the US Army Reserves. I've been serving my country for the last nine years and I look forward to the many years to come.

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

All personal conflicts will be handled professionally with transparency. In my current and previous roles I've had to hold myself accountable in order to maintain the integrity of the organization's I've represented.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

I have not served on a major board or commission.

Relevant Experience & Education

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

I am a veteran who grew up in Fayetteville, i served on the boards of appeal at one point and also help write the by-laws for the millennial committee. I am well known in the community and would like to see our city grown in a positive aspect!

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

Miller-Motte , Fayetteville, NC March, 2017 Paralegal Central Texas College , Fort Bragg, NC April, 2008 General education Seventy-First High School , Fayetteville, NC May, 2004 General Education A Professional in human resources, secretarial, customer service, independent field research, and program coordination experience. Special Skills: Records/ Database Management Office Technology Policy & Procedure Compliance Technology Skills: Windows XP, Windows 7, Windows 8, Microsoft Office Suite 2010: Word, Excel, Outlook, And Internet Explorer. Peripherals: printers, copiers, scanners, and digital cameras Communications: Experienced in composing and editing correspondence letters, memos, and email especially of confidential nature. Records Management for reports for senior level executives. Administration: Independent administrative and organization experience including office support for government agencies, retail customer service, and recruiting program coordination. Previous volunteer work: Conducted Motorcycle Awareness event with the Spring Lake Police Department June 2016. Hosted a local Car Show to benefit different charities. Continue conducting events in the community to benefit charities in surrounding areas. I also have bright and fresh ideas to improve our community education and improving the growth of Fayetteville.

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

Each situation is different in order to look into the matter I would research topics dealing with that specific situation and try to find a solution that would satisfy each party. I understand sometime in certain situation you can't please everyone so I would look at the best interest of the conflict.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

This will be my second experience with a major board or commission. I am currently on the Boards of Appeal for the city of Fayetteville but my true passion is to be on the millennial advisory board. I also helped with contributing to the guidelines to the millennial advisory board. I have served on boards in the military community. I also helped command teams make suitable decisions determining what is best for future and current soldiers. I have also helped veterans in the area with getting benefits they are entitled to.

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

I am a foreign-born, multilingual resident with a deep understanding of Millenials' concerns and aspirations. I endeavor to serve the community and make Fayetteville a more attractive destination for work and recreation.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

I have two MAs and working on a PhD. I speak fluent Romanian, Spanish, Portuguese, and Italian and can very easily relate to the growing multilingual demographic of our city. As a higher education professional, I can also relate to the concerns of young professionals, including a need for good jobs and diverse educational experiences.

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

I would seek my direct supervisor's (or another trusted mentor's) input and counsel in any matters that would could be potentially interpreted as conflict of interest. I do not foresee any such conflicts arising.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

Relevant Experience & Education

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

I would like to express interest in the Millennial Advisory Commission. I am an experienced professional with well-developed skills in scheduling planning, coordinating, and ensuring compliance with all policies and procedures. Throughout my career I have been fortunate enough to travel to many different cities, states, and countries. Experiencing these different communities and cultures, I believe that I am well versed and capable of bringing new ideas, events, and forums to this Commission.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

I am a United States Army veteran, with 15+ years of progressive experience. I am a detail-oriented leader with excellent communication and organizational skills and a proven track record of success solving complex problems, and handling emergency situations. I have also served as a Government Contractor in Iraq, Afghanistan, and Saudi Arabia. Currently I am enrolled as a Junior at Fayetteville State University, my major is Business Management Information Systems. I find time to serve my community as the Executive Director of the National Association of E.E. Smith Alumni and Friends Inc. I also serve as a member of Prince Hall Masonry, which I serve my community with events such as book bag drives, mentorship programs, and more. I am also a member of the Fayetteville Branch of the NAACP. Throughout the years I have been awarded many times for my hard work and dedication to the mission or task at hand.

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

I am a firm believer in transparency. If a situation may arise that would be a personal conflict of interest, I would notify the proper leadership immediately. I would also remove myself so that I may not harm the work of the Commission.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

I have yet to be part of a major board or commission. I am currently serving as an Executive Director, which serves as the chief of operations for the organization. I act as professional advisor to the board, and I assist in developing community and educational activities. I am also tasked with using discretion in recruiting the best volunteers, personnel to develop a competent staff and supervise effectively. Our organization has been established over 40 years. We are well grounded in helping with scholarships and programs for our youth at our Alma Mater. We continue to provide our youth with the proper tools to be successful beyond their adolescent years.

Mr. Zachary D McLaurin

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

I chose to apply for the Millennial Advisory Commission because of my desire to make Fayetteville a better place to live for young people and the community as a whole. Other than my years in college and law school, I have spent my entire life living in Fayetteville. Because of that, I want to contribute to the continuous growth of Fayetteville by making it an attractive place to live and raise a family. Although our city has come a long way during the course of my life, I believe I can provide valuable insight into how we can continue to expand on its potential.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

As a lifelong resident, I want to get involved in my community and the Millennial Advisory Commission is the perfect way to do it. Although I have not been on any boards or commissions in the past, I know I can contribute to this commission. My fiancé and I are both young professionals that live, and grew up, in Fayetteville. We have regular conversations about what the city could do to attract people like us to our city. During my years in college at UNC-Wilmington and law school at North Carolina Central, I have seen first-hand the things a growing city can do to attract young people. I hope to bring that type of insight to the commission. Additionally, due to my position as an Assistant District Attorney, and my former post as an Assistant Public Defender, I interact with members of the community of all ages and socioeconomic backgrounds every single day.

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

As an attorney, I am sworn to follow, and uphold, the Rules of Professional Conduct. An essential rule among the Rules of Professional Conduct is dealing with conflicts of interest. I regularly come in contact with potential conflicts of interest and do my best to ensure any conflict is avoided. I've been taught throughout my years in law school and practice that if something could be perceived as a conflict of interest it most likely is. I have no hesitations about withdrawing myself from any potential conflicts of interest; whether there is a conflict due to my own position or because of a connection with my friends or family.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

Relevant Experience & Education

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

I have been actively involved with helping anyone I can. Making a difference is what I strive to do everyday. My uncle's best friend inspired me this summer as he ran for city council and won. Helping him along the way during the campaign showed the power that I have for my generation. We need a voice that can cross over and relate to everyone. I am that candidate.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

I was a relationship manager for one of the largest banks in the nation for over 11 years. I am currently in nursing school but I will have time to engage in other activities. I am currently the Organizing member and president of Jack Britt Class of 2003 Non Profit Organization, we are currently organizing a community day for Jack Britt in 2023. I have volunteered for District 6 Councilman Derrick Thompson's campaign

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

Personal conflict of interest is one of my specialties. I know that there is always a line that should not be crossed. So in the event this should ever come up I would escalate this matter to the appropriate parties. I would not be involved whatsoever.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

I am from the town of Hope Mills, NC. I was a photojournalist in the US Army for a little over 10 years. When I decided to get out of the military in 2020, I knew I wanted to live in Fayetteville, North Carolina to raise my children. My husband is also a veteran and he was stationed here at Fort Bragg and fell in love with the city. We have two small children who are 3 and 1 years old and we are raising them here. I want to be on the board so that I can be a voice and a helping hand in the community that we live in.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

I was a public affairs Staff Sgt. in the Army for 10 years where I also handled PR and marketing. I managed social media platforms and had extensive training on social media marketing, advertising, photography, and videography. I attended Syracuse University where I completed a multimedia and communications program. I am pursuing my business degree and my dream is be a successful entrepreneur. I currently work from home for AmTrust insurance. I work in finance and vendor management. I work in the IT department of the company and I manage our credit card purchases, negotiate new and existing contracts to ensure we have the best pricing, keep up with renewal deadlines, and make purchases for the IT department.

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

I would first seek guidance on how to handle the conflict of interest in an appropriate way. I hold myself to a high standard and I would not put myself in a situation that would cause my family or my city any harm or shame.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

This would be my first board or commission.

Relevant Experience & Education

Kaitlyn N Potts

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

I have experience with public speaking, writing, networking, and problem-solving. Along with having an understanding of Robert's Rules of Order. Along with this, I have experience working with and encouraging young people in a manner to persuade political involvement. An important attribute is that I was born into the Buddhist faith and am Neurodivergent. With this, I can bring religious diversity and neurodiversity to the board.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

When I went to North Carolina's Connections Academy, I was my school's first Sophomore Vice President back in 2017. I also developed public speaking skills from being involved with the Gilbert Theatre's "Gleeek" audition-based program from 2017-2019. Another important aspect of high school was that I was a contributing writer for Gates Four Living Magazine from 2019 to 2020 when it was shut down due to the pandemic. I started volunteering for local, state, and federal campaigns in the summer of 2020. Since then, I still volunteer when I'm able. Such as doorknocking, phone banking, electioneering, and helping out at events. During the 2022 City Council primary election in May, I was the Campaign Manager for the Committee to Elect Joy Potts. Another important thing to mention is that I founded a group called the Cumberland County Young Conservatives back in 2021. Along with having been involved in the past with the FRWC as their Young American Outreach Committee Chair. Recently, I joined the NC States chapter of TPUSA and the "Free Pack" magazine writing team. Two times, I've been flown to D.C for free by the generosity of Freedomworks to attend their activist training initiatives.

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

I would do my best to avoid it entirely. In the scenario that a conflict of interest does arise, I would do my best to make fair and non-biased decisions to ease the conflict and find a reasonable solution.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

I have not served on a major board or commission under any municipality.

Please attach any additional information you believe may aid in the consideration of your application.

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

I am a Fayetteville native who has recently relocated back to the city. As a strategic leader in the private sector, I have learned much and had the opportunity to affect the lives of thousands of employees nationwide. I hope to bring that experience to bear in this role.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

I am an Army veteran with a decade of private sector leadership experience in organizations ranging from startups to large multinational companies. After my military service, I earned my bachelor's from UNCFSU and my graduate certificate in Geospatial Intelligence Analysis from Penn State. I have held roles of increasing scope and responsibility in the operations strategy and logistics space, with a focus on improving the business by improving conditions for my subordinates. I currently work for a legal services startup, managing the Eastern region of the United States.

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

I do not make decisions to benefit myself over the community.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board's successes.

I served on an advisory panel at a previous company with the goal of improving employee retention. Through improved and increased training in the first 30 days, we lowered annual attrition by 35%.

Please explain the reasoning for your Boards and Commissions selections. Your response may include qualifications, skills, and attributes and any other information that you might distinguish your application for other candidates.

My qualifications, skills, and attributes include: bachelors and masters degree, a diverse work background.

Summarize education, special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities.

A bachelors and masters degree in business management, I come from health care and Merrill Lynch back ground. I have a diverse set of skills that I can apply to different environments. Previous volunteer work includes; Women’s exchange where business women came together to talk about the importance of saving money and spending/investing wisely. Also volunteered for the USS Midway where we had influential speakers from the army who were given Purple Hearts. (Both Merrill Lynch events).

Due to your financial interests, property ownership and/or other matters, personal conflicts of interest may arise during your appointment term. How would you handle a personal conflict of interest?

If conflict of interest does exist, I would disclose the situation appropriately. The best course of action will be to remove myself from the decision-making process.

If you have previously served on a major board or commission, please describe the scope of your appointment and share a few of the board’s successes.
