Notice Regarding Special Use Permit Procedural Process

Special Use Permit

Dear Applicants,

Thank you for applying for a Special Use Permit with the City of Fayetteville. Due to legislative changes, the procedural process for Special Use Permits have changed:

1. Special Use Permits are now considered Evidentiary Hearings. With an Evidentiary Hearing, it is incumbent upon the applicant to present evidence that supports the application. This evidence is required both in writing and verbally.
2. Since the written evidence comes mainly from the application, the eight (8) Findings of Fact are essential. The answers must be complete and accurate.
3. Applicants are required to make, at minimum, an oral presentation to the City Council that addresses the eight (8) Findings of Facts. The applicant has the option of doing a visual presentation as well, but this is not required.
4. Lastly, Special Use Permits no longer have to be reviewed by the Zoning Commission and will proceed directly to the City Council. The deadline dates for Special Use Permits have changed.

Expiration - Special Use Permit (SUP)

30-2.C.7.d.7.a.2 - Unless specified otherwise by the City Council, a Special Use Permit shall automatically expire if a Building Permit for the development authorized by the Special Use Permit is not obtained within one year after the date of issuance of the Special Use Permit, or if the development authorized by the Special Use Permit is discontinued and not resumed for a period of one year.

Again, thank you for your application. If you have any additional questions, please contact the Planning & Zoning Division at 910-433-1612 to speak with a Professional Planner.
