**Which City Council approved Goal(s) within the Strategic Plan does this request directly support?**

GOAL IV: The City of Fayetteville will be a highly desirable place to live, work and recreate.

**What do you envision accomplishing with this agenda item request?**

As the District 2 representative, I am bringing forth this request on behalf of the residents of West Rowan Street. While our current ordinance requires a petition to initiate a speed limit reduction, the residents in this area have been waiting for over four years for this issue to be addressed. West Rowan Street experiences high traffic flow and is located near our youth council building and near a skate park, raising serious concerns about pedestrian safety—especially for children and families. Given the extended delay and the continued risk to public safety, I respectfully ask Council to consider reducing the speed limit on this street without further delay. This action is necessary to protect our community and demonstrate that we are responsive to long-standing resident concerns.

**Additional Comments:**

This is a City Road.
