8.0 LEGISLATIVE HEARINGS

8.01 P22-26. Initial Conditional zoning to Mixed Residential 5/Conditional Zoning (MR-5/CZ), for a Dwelling, Multi-Unit Single-Family, Detached on One Lot, located at 2881 Gillespie Street and the end of Bridgewood Drive (REID #s 0435156869000 and 0435155175000), containing 50.12 acres ± and being the properties of Fayetteville Memorial Cemetery Corporation, Draughton Holdings, LLC & Next Chapter Neighborhoods, represented by Andrew Malzer.

Mr. Craig Harmon, Senior Planner, presented this item and stated the applicant is seeking to initially zone 50.12 acres ±, of a total 70-acre site. The remaining acreage will be for the existing cemetery. The property is identified as being the rear portion of the cemetery. The request is to change this rear portion and separate it from the rest of the cemetery.

Currently, the parcels are zoned in Cumberland County as Residential 10, Residential 5A, and Planned Industrial District/Conditional Use (M (P) CU) to the City of Fayetteville's Mixed Residential 5 Conditional (MR-5/CZ). Under the County's present zoning, a mix of approximately 159 single-family and 184 multi-family

DRAFT

dwellings (343 total) could be built. The owner of the property in question has conditioned this request to no more than 300 units.

This case was initially heard as a legislative hearing by the Zoning Commission on June 14, 2022. The staff report submitted to the Zoning Commission was prepared by staff and submitted for approval on June 3, 2022. The report was made agenda ready on June 6, 2022, and was printed and distributed on June 7, 2022.

Staff received email correspondence from Dr. Toney Coleman, Airport Director, regarding his concerns with the project on June 7, 2022. Dr. Coleman's emailed concerns were based on information obtained from Cumberland County's Ordinance Airport Overlay section. This information was given to the Zoning Commission members during the June 14, 2022, meeting. Despite receiving the information, the Zoning Commission held a legislative hearing regarding this case and voted 5 to 0 to recommend approval. There were no speakers in opposition and one speaker in favor.

Chapter 30 of the City Code of Ordinances (commonly referred to as the Unified Development Ordinance) contains specific wording cautioning those involved in developments under the Airport Overlay Zoning District to consider the guidance of the Airport Director. The Airport Director opposed the project due to its location in flight patterns and the density of the housing underneath.

In light of the Airport Director's opposition, staff advised the City Council to remove this item and the associated annexation from the August 22, 2022, consent agenda and set it for a hearing on September 26, 2022. Council followed the staff's recommendation and moved both items to the last September meeting as a public and legislative hearings respectively.

This is the advertised public hearing set for this date and time. The public hearing was opened.

Mr. Johnathan Charleston, 201 Hay Street, Fayetteville, NC, attorney representing the applicants, appeared in favor.

Mr. Charles Smith, 2639 Mirror Lake Drive, Fayetteville, NC, appeared in favor.

Mr. Mark Lynch, 833, Bragg Boulevard, Fayetteville, NC, Airport Commission Chair, appeared in opposition.

There being no one further to speak, the public hearing was closed.

Discussion ensued.

MOTION: Council Member Ingram moved to deny the request for Initial Conditional zoning to Mixed Residential 5/Conditional Zoning (MR-5/CZ).

SECOND: Council Member Benavente

VOTE: PASSED by a vote of 6 in favor to 4 in opposition (Council Members Colvin, Dawkins, Haire and Thompson)

On March 1, 2022, Planning staff held a virtual public meeting (via Zoom) to engage stakeholders and solicit feedback on proposed modifications to the UDO and introduce the concept of the new Universities & Colleges (UC) zoning district.

These proposed text amendment changes received an unanimous recommendation of approval from the Planning Commission on March 15, 2022.

The map amendments were heard by the Zoning Commission on April 12, 2022. The Commission recommended unanimously to approve the proposed map amendment as presented.

This staff report covers only the text amendment aspect of the process and is related to P22-15. P22-15 is the staff report regarding the rezoning portion of this case.

Mr. Craig Harmon, Senior Planner, presented this item and stated the applicant is requesting a Special Use Permit to construct three duplexes on properties located on Colgate Drive. The application is only to address the construction of the three duplex sites.

Land within the City is generally classified by the Unified Development Ordinance (UDO) to be within one of a number of base zoning districts. Land may be reclassified to one of a number of comparable zoning districts in accordance with Section 30-2.C. The SUP must meet the following findings of fact:

- (1) The special use complies with all applicable standards in Section 30-4.C, Use-Specific Standards;
- (2) The special use is compatible with the character of surrounding lands and the uses permitted in the zoning districts(s) of surrounding lands;
- (3) The special use avoids significant adverse impact on surrounding lands regarding service delivery, parking, loading, odors, noise, glare, and vibration;
- (4) The special use is configured to minimize adverse effects, including visual impacts of the proposed use on adjacent lands;
- (5) The special use avoids significant deterioration of water and air resources, wildlife habitat, scenic resources, and other natural resources;
- (6) The special use maintains safe ingress and egress onto the site and safe road conditions around the site;
- (7) The special use allows for the protection of property values and the ability of neighboring lands to develop the uses permitted in the zoning district; and

10.02 TA22-04: Proposed Text Amendments to amend Sections 30-2.A, 30.2.B, and 30.2.C of the Unified Development Ordinance regarding the Special Use Permit process, requested by the City of Fayetteville.

Ms. Jennifer Baptiste, Planning and Zoning Manager, presented this item and stated the City of Fayetteville has used Special Use Permits since at least 1964 when the City's Zoning Ordinance began folding in some uses that were allowed in a zoning district if they "fit in with the character of the area in which such use is to be located and that such use is not detrimental to the surrounding neighborhood (Ordinance No.1964-10).

Over the years, the standards and North Carolina Statutes continued to allow uses when they met certain standards. North Carolina case law has also created refinements to the way Special Use Permits are handled. In 2020, the state adopted a consolidated land use statute, 160D with different effective dates for changes to be made locally, all of which Fayetteville did. A significant point was to move the SUP process into the newly named "Evidentiary Hearing" that was not significantly different than the Quasi-Judicial Hearings that the City Council held for cases.

A few primary points of the new Evidentiary Hearing were presented by the professional staff that included prima facia entitlement to approve uses where competent, substantial, material evidence is presented by the applicant for a use identified as a "special use" under the city ordinance. Another part of the process change involved the City Council meeting being the only time that the evidence is presented and no recommendations be made from an advisory board or the city staff. These process revisions on April 2021, along with a generic Fayetteville City Council Special Use Permit Evidentiary Hearing outline continue to be used.

This is the advertised public hearing set for this date and time. There being no one present to speak, the public hearing was opened and closed.
