Supplemental Questionnaire:

1. Describe your background and interest in serving on the Fayetteville City Council. I am a native of North Carolina and made Fayetteville my home after retiring from the military in 2007. I have long had an interest in local government and serving the community in which I live. I have over 20 years of experience in public service and have a sincere interest in offering my services to help shape the policies and programs that impact our city. While I have never held a public office, I have quietly been a leader behind the scenes.
2. Explain why you believe you would be an asset to the Fayetteville City Council. I understand the professional and ethical requirements for holding office. I have no "political connections" nor allegiances to anyone other than the community that I would serve. I have the leadership attributes and knowledge of local government administration that would be an asset to our City Council. I care about our community and the impact our decisions will have on all citizens who are both registered and unregistered voters. My professional skill-set in municipal administration and government contract and fiscal law will aid the council in its understanding of local government finance, ethics and economic development. As a recent graduate of the University of North Carolina's School of Government and as a North Carolina Public Leader Fellow of the MPA program, I am well-versed in public service and management and have maintained strong connections with the faculty at the North Carolina School of Government.
3. Are you willing and able to commit the amount of time necessary to fulfill the duties and expectations (attending meetings, reading agendas, answering e-mails) of becoming a member of the Fayetteville City Council? YES

4. Will your employment allow you time away from you work on a regular basis? Yes. I will take intermittent leave as required by Fayetteville State University and UNC Systems policies.
5. The City of Fayetteville operates under a Council-Manager form of government. Explain your understanding of the Council's and Manager's role under this form of government. North Carolina has a long tradition of using professional managers to assist elected leaders in governance. The City Manager is an appointed position while the Council is elected. In a council-manager system, the manager has the legal authority to hire and fire city employees and carries out the laws and policies enacted by the Council. The Council performs the legislative functions of the City by establishing laws and policies. The Council also sets strategic plans and adopts the budget which is managed by the city administration team.
6. Is there anything in your background that could bring your appointment into question or cause controversy/embarrassment to the City? NO
7. What experience and contacts do you have with the legislature at the State and Federal level? NONE
8. Please disclose any personal, professional/business or political relationships with PWC, the City of Fayetteville, City Council Members, or legislative delegation that could create the perception of undue influence or conflict of interest. No personal relationships. However, I have had the pleasure of serving several current council members in my professional capacity as the Assistant City Attorney. I have had no personal or professional contact with any current member of City government since April, 2014.
9. What is the most urgent issue you believe the City must address that isn't already included in our Strategic Plan? While the County has the predominant role (along with the State) in financing, organizing and delivering mental health services and substance abuse services, the city of Fayetteville must be included in any plans for implementing reforms. City police resources are constantly used to respond to citizens suffering from mental health and substance abuse issues. We must continue engaging citizens and strengthening partnerships with others to address this crisis. We should also be forward-looking and aware of issues involving fair and equitable housing for low to moderate income families as a result of gentrification in neighborhoods surrounding our downtown and baseball stadium areas.

10. Provide 2 personal references.

- a. Chancellor James Anderson, Fayetteville State University, 910-672-1141.
- b. Principal Rene Corders, St Ann Catholic School, 910-483-3902.

Fayetteville City Council
c/o Office of the City Clerk
433 Hay St.
Fayetteville, NC 28301

Dear Mayor Colvin and Council Members:

Thank you for taking the time to review the attached District 2 Interest Form and resume. I hope that you find that I possess the skills and background that will be of interest to the City Council. As a resident of District 2, I am both concerned and excited about the direction of our city. While public office was not in my immediate plan, as a dedicated citizen, there comes a time in our lives when we realize that sitting back and watching "life happen" is no longer an option. As such, I am willing to step out of my comfort zone and offer my service to your council and to our community.

I am a trained lawyer with a passion for diversity and equity. I have experience in municipal government, contracts, employment and administrative process. If you deem me worthy of an appointment, I look forward to offering my expertise to the citizens of District 2 and the greater Fayetteville community; your city staff; executives; and fellow public officials.

As you can see from my resume, I have served in the public sector for over twenty-three years. I began my career as a military officer where I served until 2007 in various roles and locations. After an early retirement from the military, I worked briefly as a civilian attorney for the federal government until I relocated to care for family in my home state of North Carolina. For the past ten years I have continued to serve in the public sector in various roles of growing responsibility—most recently in the university setting. The first fourteen years of my career were dedicated to the needs of the military and I moved accordingly. The last ten years, I have made Fayetteville, North Carolina my home and have served my community by volunteering with local non-profits, my church and my children's schools.

My desire to seek an appointment on City Council comes as an opportunity for me to put my true skills and abilities to work. While I am by nature an introvert and certainly not the "typical" politician, I realize that I have an obligation to my community to do more. By offering my services to an already well-regarded council, I would present you with an opportunity to fill a vacancy with a clean background, ready to lead and to serve. As a council member, I understand the social issues, economic issues, political climate and the needs of the community. I will fight for District 2, Fayetteville, and the underrepresented in our community to ensure city services are delivered with equity and fairness across all districts. I am – PURPOSED, PREPARED, and POSITIONED to SERVE.

Please feel free to contact me directly with any questions.

Sincerely,

Patricia C. Bradley
