### Comments:

A few days ago I was having discussions with citizens concerning possible connections to Bragg Blvd., better use of our Glenville Lake, and more recreations for our citizens with infrastructure already in place: water taps, electricity, roads, water resources, education and historical neighborhoods.

From the above conversation I also had discussions with the Mayor and then the Pro Tem, their contributions are included in my request. I submitted an email to our Parks & Recreation Director and City Manager.

Thanks in advance for your support.
