Subject: Fwd: Off Murchison Road

Mrs McGill

Please attach this sheet to my Council request. Thanks.

- >
- > Good Morning Mike,
- >
- > For years its been spoken about having an additional turn off of Murchison Road to connect to or closer to Bragg Blvd.
- >
- > Here are some thoughts I was speaking to a few citizens about last week and I shared my thoughts with CM Mohn for his support & thoughts.
- >
- > 1- Imagine driving down LakeLand Street @ (the old College Heights Credit Union Building @ Langdon St)
- >
- > 2- Lakeland Street dead's end to the left, continue the road through the undeveloped PWC land, which will run along side the lake at the water filtering plant.
- >
- > 3- Street continues behind University Place Apartments @ FSU.
- >
- > 4- Street continues behind Bronco Square between the PWC Filtering building to Filter Plant Dr.
- >
- > 5- I think this could be a great cut through. Imagine surrounding the lake on both sides with decks, paddle boating, fishing, walking trail, etc...(Mazerick Park)
- >
- > 6- How can this be incorporated in with the Murchison Rd Study Plan, Marvin Plan, Marshall Isler Plan, Catalyst Site One Plan, Murchison Road/Washington Drive/FSU Study.... without spending to much additional funds for a study.
- >
- > Tell me what you think and where we can go with this before I share with everyone.
- >
- > Thanks,
- > D. J. Haire
- > City Council
- > Keep Looking Up!
