

### 2017-2018 HUMAN RELATIONS COMMISSION HIGHLIGHTS

The Fayetteville-Cumberland Human Relations Commission had a remarkable year. This brief overview summarizes who we are and what we have accomplished in support of our residents. It has been a pleasure to be involved with such a dedicated and hard working group of volunteers who are committed to quality-of-life issues for our community.

The Commission receives reliable staff support from the Human Relations Department. Without their participation and assistance, we would not have been able to accomplish many of our goals.

Thanks to the leadership of the City of Fayetteville and Cumberland County Government for strongly endorsing and supporting our existence and mission.

Sincerely, Sheila Cuffee, Commission Chair
