RE: Resolution Authorizing the Conveyance of Right of Way to NCDOT

COUNCIL DISTRICT(S):
All

Relationship To Strategic Plan:
High Quality Built Environment

Executive Summary:
The Fayetteville Public Works Commission during their meeting on April 25, 2018, authorized the conveyance of 0.079 acres to NCDOT

Background:
The Fayetteville Public Works Commission during their meeting on April 25, 2018, approved the staff’s recommendation to sell in exchange for two hundred twenty-five dollars (\$225.00) a right of way to the North Carolina Department of Transportation (“DOT”) consisting of 0.079 acres from a tract that contains approximately 723.860 acres over which the Fayetteville Public Works

Commission exercises control and custody in its utility operations but is titled in the name of the City of Fayetteville in accordance with the Fayetteville Public Works Commission's Charter in order to facilitate DOT's construction activities on Bridge No. 250045 over the South River on SR2030 (Hollow Bridge Road).

The Fayetteville Public Works Commission requests the City of Fayetteville adopt a resolution authorizing the Fayetteville Public Works Commission to transfer the right of way to DOT in accordance with G.S. 160A-274.

Issues/Analysis:

PWC has determined that the sale of the right of way to DOT will not adversely affect PWC's utility operations, the amount offered is reasonable under the circumstances, and this resolution will eliminate a potential legal dispute between PWC and DOT

Budget Impact:
