Land Use Plan: Medium Density Residential

Strategic Plan:

Goals 2020: The City of Fayetteville will be a highly desirable place to live, work and recreate with thriving neighborhoods and a high quality of life for all residents.

Additional Reviews:

Technical Review Committee (TRC) - A preliminary review was conducted on this site. The TRC had no comments since this is an existing residential unit.

Issues/Analysis:

The house will operate 24 hours a day, seven days a week. The facility will be maintained as a home and will retain the character and integrity of the neighborhood. All service delivery will be done inside the home, in a normal residential manner. Parking for up to five vehicles is available on the site. None of the residents will come with vehicles; parking will be for the staff and visitors only. Additional on-street parking is available.

The City's staff does have concerns regarding the number of bedrooms when six persons with disabilities will live in the home. Visitors to the facility and outdoor activities for the residents have not been addressed in the application.

Conditions of Approval:

1. No more than 6 residents at any one time.
2. Maintain the character of the neighborhood.

On June 13th the Zoning Commission held a public hearing regarding this case. There was one speaker in favor and one that was concerned that her tax bill may rise if this use were approved. The commission voted 5-0 to recommend approval.

The Zoning Commission and City staff recommend APPROVAL of a SUP based on:

1. The facility will have 24 hour onsite caregivers.
2. The facility will be maintained as a home and will not interfere with the character of the neighborhood.
3. The applicant will limit the number of residents to no more than six.
4. The City's Land Use Plan calls for medium density residential..

Budget Impact:

This action would result in an increase in City services which would be offset by the increased tax revenue collected for this proposed project.

Options:

- 1) Approval of the SUP for assisted living with conditions as listed above. (Recommended)
- 2) Approval of the SUP for assisted living with additional conditions.
- 3) Denial of the SUP.

Recommended Action:
