Tracey Broyles, Budget and Evaluation Director

DATE: November 13, 2018

RE: Adoption of Capital Project Ordinance 2019-19 to Appropriate Grant Funding for a Portable Shelter System Hub

COUNCIL DISTRICT(S):
All

Relationship To Strategic Plan:

Goal 1: The City of Fayetteville will be a safe and secure community.

Executive Summary:

Capital Project Ordinance 2019-19 will appropriate a \$27,900 grant from the U.S. Department of Homeland Security, passed through the North Carolina Department of Public Safety, Division of Emergency Management, for the purchase of a portable shelter system hub to provide interconnectivity with existing portable shelters. There is no local match required for the grant.

Background:

The City has received notification of the award of federal grant funds for the purchase of a portable shelter system hub. The DLX HUB Interconnectivity Shelter System equipment grant funds the purchase of a 17' x 17' quick deployment shelter that connects with two existing DLX tents owned by the Fayetteville Fire/Emergency Management Department to form a larger system. This shelter system is also part of a standardized and interoperable disaster deployable resource package developed by North Carolina Emergency Management.

Issues/Analysis:

None

Budget Impact:

There is no impact to the General Fund as no local match is required.

Options:

- 1) Adopt Capital Project Ordinance 2019-19 to appropriate the grant funds and allow staff to move forward with the equipment purchase.
- 2) Do not adopt Capital Project Ordinance 2019-19 and provide direction to staff.

Recommended Action:

Staff recommends that Council move to adopt Capital Project Ordinance 2019-19 as presented.
