RE:
Bid Recommendation - Beaver Creek Outfall Rehabilitation Phase I

COUNCIL DISTRICT(S):
All

Relationship To Strategic Plan:
High Quality Built Environment

Executive Summary:

Bids were received for the Beaver Creek Outfall Rehabilitation Phase I project. The recommended lowest responsive, responsible bidder is Insituform Technologies, LLC, Chesterfield, MO, in the total amount of \$2,240,880.00.

Background:

The Fayetteville Public Works Commission during their meeting on September 26, 2018, approved the bid recommendation to award the contract for the construction of Beaver Creek Outfall Rehabilitation Phase I to Insituform Technologies, LLC, Chesterfield, MO, the lowest responsive,

responsible bidder in the total amount of \$2,240,880.00 and to forward to City Council for approval.

Bids were received on September 11, 2018, as follows:

<u>Bidders:</u>	<u>Total Cost</u>
Insituform Technologies, LLC, Chesterfield, MO	\$2,240,880.00
Granite Inliner, Gastonia, NC	\$2,937,425.00
IPR Southeast, Stone Mountain, GA	\$3,552,230.00
SAK Construction, O'Fallon, MO	\$3,984,975.00

Issues/Analysis:

Plans and specifications were requested by six (6) contractors with four (4) contractors responding. Insituform Technologies, LLC was deemed the lowest responsive, responsible bidder. Local Participation: Insituform Technologies, LLC, will utilize Taylors Grading and Utility, Fayetteville, NC for site work, grading and seeding. Sunbelt Rentals, Fayetteville NC will be utilized for equipment needs.

Budget Impact:

Funds are budgeted in FY2019 CIP WS80 - Beaver Creek Outfall Rehabilitation Phase I - \$2,490,000.00 was budgeted for construction of this project.

Options:

N/A

Recommended Action:

The Fayetteville Public Works Commission recommends the Fayetteville City Council approve the bid recommendation to award the contract for the Beaver Creek Outfall Rehabilitation Phase I project to Insituform Technologies, LLC, Chesterfield, MO, the lowest responsive, responsible bidder in the total amount of \$2,240,880.00
