RE:
Capital Project Ordinance 2019-18 (Fayetteville Police Department's NIBRS Transition Process Grant Award)

COUNCIL DISTRICT(S):
All

Relationship To Strategic Plan:
Goal 1: Safe and Secure Community

Executive Summary:
Capital Project Ordinance 2019-18 will appropriate \$73,900 of federal funding, awarded by the US Department of Justice, for the Fayetteville Police Department's National Incident Based Reporting System (NIBRS) Transition Process.

Background:
The Fayetteville Police Department (FPD) has received notice of a grant award to fund its transition

from the Uniform Crime Reports (UCR) reporting system to NIBRS. NIBRS is an automated incident-based reporting system that allows agencies to collect detailed information on each crime occurrence. All US law enforcement agencies must transition from UCR to NIBRS by January 1, 2021. The transition to the NIBRS platform will allow the FPD to more readily identify patterns and trends in crime occurrences, and have a more comprehensive overview of crime statistics within the City.

The grant funding will support the purchase of \$38,900 of equipment including servers, laptops and a scanner, and \$35,000 of contracted information technology specialist services to assist with the technical hardware and software aspects of the system transition.
